Pastor Kurt opened the meeting with a discussion of how we have seen God at work and a prayer.

Reviewed and approved November meeting minutes.

Old business- We currently pay \$143/month for once per week trash pickup. Obtaining quotes to see if we can reduce monthly cost and/or increase pickup frequency. Decided not to pursue recycling at this time.

Again discussed means for additional funds raising. Decided a special committee needs to be formed to organize and pursue thru the Finance Committee.

Brick Pavers- Decided to present to congregation after Christmas season. Cost will be \$50 per brick as in the past.

New business- Elevator in Education wing will need a new motor costing \$3800.

Discussed need for surveillance cameras for parking lots and entrances due to recent incidents. Also, specific area lighting may allow shut-off of most outside lighting which will save on electrical bills.

Facility usage policy and fee schedule was reviewed and finalized.

Meeting was adjourned at about 7:45 pm.
